ZHUYUAN LIU

Film, Animation & Spatial Design

Cinematic Artist | Filmmaker | Creative Technologist | Full right to work in the UK

zhuyuan.liu@outlook.com | +44 7529 158859 | Portfolio | Showreel

Architectural Association Part II graduate working across independent film, animation and spatial design. Combines research-led storytelling and Unreal Engine cinematic environments with design development and visualisation experience at Foster + Partners.

FILM, ANIMATION & PERFORMANCE

Sacred Intelligence | Research-led Spatial Design & Cinematic / Interactive Project

Nominated for AA Diploma Honours

Conducted on-site fieldwork in Tibet, including interviews with senior Tibetan Buddhist religious figures and scholars. Translated architectural and cultural research into spatial design, Unreal Engine cinematic environments and interactive installations.

Light Up New York for But a Moment

Independent film selected for Ars Electronica (2025), PANIC: Animation Festival 2025 and Animation Festival on Tour 2026.

No Curtain Call

Collaborated with theatre artists on costume and character digitisation, Unreal Engine environments and interactive prototypes.

PROFESSIONAL EXPERIENCE

Visiting Tutor - Social Digital Twins 09/2026 - Present

Central Saint Martins, University of the Arts London

Contribute to studio tutorials alongside Dr Torange Khonsari, providing design feedback and technical guidance as students translate social narratives and architectural concepts into immersive digital environments.

Foster + Partners - Studio 1 07/2023 - 09/2024

Part 1 Architectural Assistant

8 Canada Square: Took primary responsibility for Revit production and cinematic visualisation, translating a tower transformation proposal into building models and real-time spatial sequences in Unreal Engine.

1 Spitalfields: Contributed to facade, atrium and landscape studies; produced coordinated Revit drawings of existing conditions and proposed interventions.

RECC exhibition complex: Developed massing and spatial geometries within a team of over twenty; helped develop and test a Grasshopper shading system.

Amateurist Studio 07/2022 - Present

Co-founder and core designer. Co-directed and produced Unreal Engine stage visuals for YEANA, a Tibetan band from Yunnan; developed a cap design with Cream Project.

CORE SKILLS

Film & real-time: Unreal Engine | Blender | Houdini | Enscape | Premiere Pro | After Effects
Spatial design: Rhino | Grasshopper | Revit | AutoCAD | Spatial planning | Digital prototyping
Visual communication: Photoshop | Illustrator | InDesign | Cinematic composition | Diagramming
Making: Model making | Sketching | Sculpture

EDUCATION

Architectural Association School of Architecture 09/2024 - 06/2026

MArch Architecture, RIBA Part 2

Architectural Association School of Architecture 09/2020 - 06/2023

BA (Hons) Architecture, RIBA Part 1

Academy of Arts & Design, Tsinghua University 07/2014 - 07/2018

BA Sculpture

AWARDS & SCHOLARSHIPS

AA Scholarship (2024) | AA Travel Bursary (2023)
Award of Merit (04/2019) - Digital Art Exhibition, Tsinghua University.
Third Prize (05/2016) - 11th National Undergraduate Competition on Transport Science and Technology.
